## OVER FIFTY THOUSAND

LARGE PLURALITY ROLLED UP  
BY GOVERNOR JOHNSON OF  
MINNESOTA.

### CUMMINS' ELECTION CERTAIN

THE LATEST RETURNS REMOVE  
ALL DOUBT AS TO THE RE-  
SULT IN IOWA.

St. Paul, Nov. 8.—Governor Johnson's plurality will be near 50,000. His committee has made an estimate by counties by which they gave him 57,675. This estimate was based in some counties on very meager returns and in other counties on nearly complete returns, while in a few counties they had complete figures. They claimed that their figures were conservative.

Cole apparently will carry only a half dozen counties. He carries Cass, his home county, easily, and Jackson county by a fair majority. Complete returns also give him Houston and Faribault, and nearly complete returns give him Hubbard by 100.

The election of all the other Republican candidates is assured by majorities running from 25,000 to 60,000. The legislature is strongly Republican.

The Democrats elected one congressman, Hammond, in the Second district, defeating McCleary by about 1,000 plurality. All the other eight congressmen are Republicans.

### CUMMINS' ELECTION ASSURED.

Latest Returns Favor Republican Candidate in Iowa.

Des Moines, Nov. 8.—Latest returns show that A. B. Cummins, Rep., will receive at least 20,000 plurality over Porter, Dem., for governor. The early returns received on election night were discouraging to the Republican managers, but they came from unfavorable districts and all later reports continued to increase Cummins' lead. The Republican state committee confidently expects a 25,000 plurality and the Democrats concede 5,000.

Two of Iowa's congressmen will be Democratic, Tracy, Dem., winning in the First district and Hamilton, Dem., in the Sixth. The next legislature will be Republican. It is certain that the Republicans will have a majority of at least fifty on joint ballot and this insures the re-election of Jonathan P. Dolliver.

### CLAIM ONE CONGRESSMAN.

Democrats Say They Have Elected Sherwood in Ohio.

Columbus, O., Nov. 8.—Chairman Dick reiterates his claim of a plurality of 75,000 for Carmi Thompson, Republican candidate for secretary of state, although the committee has received complete returns from only 59 out of the 88 counties in the state.

Chairman Garber of the Democratic state committee does not dispute Chairman Dick's figures, but he is claiming the election of 5 out of the 21 congressmen in the state, the late returns indicating a plurality of 48 for Sherwood, the Independent-Democratic candidate in the Ninth district. Chairman Dick refuses to concede Sherwood's election, saying that with the result so close it will require the official canvass of the vote to determine it.

### MIXED IN RHODE ISLAND.

Governor a Democrat and Rest of the State Officials Republicans.

Providence, R. I., Nov. 8.—James H. Higgins, Democratic candidate for governor, has a plurality of 1,238 over George H. Utter, Rep. The Republicans elected the other members of their ticket. The defeat of Governor Utter is attributed in part to his attacks on General Brayton, the Republican leader.

Congressmen D. L. B. Granger, Dem., and Adin B. Capron, Rep., were re-elected by 727 and 2,000 pluralities respectively. The legislature is Republican.

### JUSTICE OF SUPREME COURT.

President Roosevelt Appoints Attorney General Moody.

Washington, Nov. 8.—The president has announced the appointment of Attorney General William H. Moody of Massachusetts as justice of the supreme court of the United States to succeed Justice Henry Billings Brown, who retired some time ago. Mr. Moody has filled the office of attorney general since July 1, 1904. Previous to that time he had served for more than two years as secretary of the navy. He had also represented his state in the Fifty-fourth, Fifty-fifth, Fifty-sixth and Fifty-seventh congresses. It is generally expected that Mr. Moody will retire from the department of justice the latter part of December.

## RESULT IS IN DOUBT

DEMOCRAT MAY BE ELECTED  
LIEUTENANT GOVERNOR OF  
NEW YORK STATE.

## HUGHES ALONE VICTORIOUS

ALL OTHER REPUBLICAN CANDI-  
DATES FOR STATE OFFICES  
PROBABLY BEATEN.

New York, Nov. 8.—There is still doubt as to who is elected Lieutenant Governor of New York. Sixteen counties have not reported the official count, but on the face of the official returns in hand the results seem to favor Lewis Stuyvesant Chanler on the Democrat-Independence League ticket. Whatever the result may be, the figures will be close and until complete official returns shall have been made of all the counties now missing it will be impossible to do more than to guess at the winner. The total for the state as far as returned, including the Democratic stronghold of the City of Greater New York for Lieutenant Governor, is Chanler 604,234, Bruce 59,479.

It appears that outside of the candidates for governor and possibly for Lieutenant Governor, the Democratic ticket is elected.

In Greater New York Chanler's majority over Bruce is 124,941, and this big lead Bruce must overcome in the up-state counties. Among the missing counties is Westchester, which gave Hughes 8,000 plurality.

Republican state headquarters, while expressing the belief that Bruce would pull out ahead of Chanler, would give no figures. Chairman Woodruff said:

"On looking over returns from some forty odd counties we find that Mr. Bruce has run ahead of Mr. Hughes by 600 votes and I believe he is elected. At the present time I do not care to give my opinion regarding the rest of the ticket."

The Independence League headquarters claim that the whole ticket with the exception of the nominee for governor has been elected.

At state Democratic headquarters no predictions were given out.

### REPUBLICAN LANDSLIDE.

Result in Montana Very Depressing to Democrats.

Helena, Mont., Nov. 8.—The wisest of political prophets of Montana went astray on the result of the election. The most sanguine hopes of the Republicans have been surpassed, while the Democrats have been completely at sea in their forecasts. A political landslide, the like of which Montana never experienced before, has swept over the state, upsetting all calculations.

Charles N. Pray and Henry C. Smith, Republican candidates for con-

gress and associate justice, the only two state officers voted for this year, have carried every county in the state with the exception of Broadwater and Silverbow, and the result in these counties is very depressing to the Democrats. The Republicans have captured the legislature and will have fifteen or twenty votes to the good on the joint ballot, thus insuring the election of a Republican senator to succeed W. A. Clark.

### RESULT IN NEBRASKA.

Republican Candidate for Governor Is Elected.

Lincoln, Neb., Nov. 8.—Complete returns from 33 counties give Sheldon, Rep., for governor, 55,252; Shallenberger, Dem., 45,428. Compared with two years ago this shows a Democratic loss of 5,728, or indicates a plurality in the state for Sheldon of 15,000. Other state officers are not behind the governor.

Returns from every county in the Third congressional district show a plurality for Boyd, Rep., of 334. The Third was the only district in doubt, so the Nebraska delegation in the house will stand Republicans 5, Democrats 1.

Present figures on the legislature, which will elect a United States senator, give the Republicans 90 on joint ballot to 43 Democrats. This is a Democratic gain of 33.

### Democrats Win in Virginia.

Richmond, Va., Nov. 8.—Additional returns confirm previous reports. The Democrats carried all the congressional districts except the Ninth, in which Slemm, Rep., is re-elected by a reduced majority.

## HARAHAN IS ELECTED

SUCCEEDS STUYVESANT FISH AS PRESIDENT OF THE ILLINOIS CENTRAL.

New York, Nov. 8.—By the election of J. T. Harahan as president of the Illinois Central Railroad company to succeed Stuyvesant Fish, it is believed that E. H. Harriman has at last realized the fulfillment of his plan to control a railroad line from the Atlantic to the Pacific oceans. In this great plan the Illinois Central was the one link missing to complete a line of track from New York to San Francisco and Portland, Ore., from the Great Lakes to the Gulf of Mexico and from the Gulf to the Pacific again. Until within a few months Eastern terminals of the Harriman system were at Kansas City, Omaha and New Orleans. The first important step in the direction of securing the desired outlet on the Atlantic seaboard for the Union Pacific and Southern Pacific railroads is believed to have been taken by Mr. Harriman several weeks ago when it was reported that one of the roads under his control had taken over control of the Baltimore and Ohio by purchase of a block of 40,000 shares of the Baltimore and Ohio company, which was sold by the Pennsylvania company. This would give Mr. Harriman a route from Chicago and St. Louis to Baltimore and New York. To complete the ambitious proposition for a continuous line from ocean to ocean it was necessary only to connect the Western terminals of the Baltimore and Ohio with the Eastern terminals of the Southern Pacific and Union Pacific and this purpose the Illinois Central serves amply.

Its line from Omaha ties together the Union Pacific and Baltimore and Ohio, while the Illinois Central branch from Chicago to New Orleans gives the Southern Pacific entrance into Chicago and the seaboard.

Taken together this system, if unified, puts under one control more than 23,000 miles of track, capitalized at more than \$1,700,000,000.

James T. Harahan, vice president of the Illinois Central, was elected president of the company at a meeting of the board of directors in this city by a vote of 8 to 0, the adherents of President Stuyvesant Fish not voting. The meeting is reported to have been a stormy one.

No successor to Mr. Harahan was chosen, but the other officers of the company whose terms expired were re-elected by a vote of 10 to 0.

BY A SMALL MAJORITY.

Republican Candidate for Governor of New Hampshire Elected.

Concord, N. H., Nov. 8.—Returns received from some of the missing small towns of the state indicate the election of Charles M. Floyd, the Republican candidate for governor, by a small majority. With all but eight of the 292 towns and wards of the state heard from the figures show a majority for Floyd of 49 votes over all. The missing towns, which are located in a remote section of the state to the north, returned a Republican majority of 42 four years ago.

OSCAR FOSTER  
STRUCK IT RICH  
Former Brainerd Man has Made  
Large Fortune in the Alaskan  
Gold Field  
THE RICHEST PLACER EVER  
Mr. Foster is Shaking Hands  
With Many Old Friends in  
The City

While many from Brainerd and elsewhere, have failed to make good in the gold fields of Alaska one Brainerd man has made a lucky strike. Oscar Foster, for many years a clerk and merchant in this city, but who went to Alaska in 1901 has made his stake and is back here greeting old friends.

Mr. Foster, who is well known to all the old settlers, arrived yesterday and has been spending the time since greeting his hosts of old friends who gather to congratulate him on his good fortune. Mr. Foster is the owner of a one-fourth interest in the Bessie Banch, which the Nome Nugget characterizes as the richest placer mine in the history of the world. He is very modest in reference to his good fortune, and says that it is probably not as phenomenal as the papers state, but says that mine has brought him enough of the root of all evil to keep him in comfort all his life.

As a sort of a pocket piece and to show in what manner the metal is found in the placer mines he carries a vial of gold dust in his vest pocket that contains \$70 worth of the precious metal.

Mr. Foster expects to spend the winter in the states and will make Brainerd his headquarters, though he is expected to spend some time in the east and south.

Mr. Foster was in a wreck on the Yellowstone division of the Northern Pacific, Monday night, but escaped injury beyond catching a severe cold. Edward O'Neil, an old time Brainerd fireman, who was engineer on one of the trains, had his ankle sprained and his thigh cut.

DANGERS FROM DYSPEPSIA

Imperfect Digestion Most Prolific Cause of Serious Disease

Few people seem to realize the real dangers in disturbed, deficient or defective digestion.

While health reports do not give indigestion as a cause of death, yet it is in reality often fatal, as it so weakens the stomach that one becomes readily susceptible to an attack of typhoid fever, kidney disease, nervous prostration or other serious or fatal disease.

At the first symptoms of indigestion, Mi-o-na stomach tablets should be used. If there is a feeling of heaviness in the stomach, distress after eating, nervousness, dizziness, nausea, headaches, sleeplessness, pains in the side and limbs, specks before the eyes, or a peevish, irritable condition, with debility and weakness, begin the use of Mi-o-na at once.

It will build up the stomach and digestive organs so that you can eat anything at any time without fear of distress or indigestion.

A 50-cent box of Mi-o-na tablets will, in most cases, give prompt relief and cure, although in chronic and long-standing weakness of the stomach, two boxes or more are sometimes needed, but H. P. Dunn & Co. guarantee Mi-o-na will cure, in all cases, no matter how chronic or serious, or money will be refunded. You run no risk whatever in buying Mi-o-na.

An office boy wanted. Apply at the auditor's office, M. & I. Railway, depot building.

FOR HUNTING TRIP

Dr. Courtney, H. L. Jones and J. C. Davis go After Big Game up the International

Dr. Walter Courtney, Storekeeper H. L. Jones and J. C. Davis left this afternoon for a hunting trip up the Minnesota & International. They go in Mr. Strachan's private car and expect to remain a week or ten days. They expect to go to Big Falls and will hunt for moose out from that place. They will also hunt deer from different points along the line.

A Jolly Time

The New England supper served at the Deerwood public schools on Halloween was a great success. People from all parts of town gathered to enjoy the colonial vittals prepared by the pupils and their mothers. Supper was served from 6 p. m. to 9 p. m. and at all times the three tables were crowded.

The waiters who took an active part were: Misses Cecile Rathvon, Marietta Fogelstrom, Ruth Adams, Faye Thomson, Esther Theorin, Ada Southworth, and Messrs. David Archibald, Karl Taylor, Henry Olson.

Prof. E. O. Kieve and Miss Thirsa Clark were well pleased with the results, the net profits being \$26. The money will be used to pay a part of the debt on the piano purchased during the preceding school year.

Too Many Saloons

November 7, 1906

To the Editor:—

I do not know how many saloons there are in Brainerd, but I am quite sure your anonymous correspondent, "Water Consumer," must have visited them all before he wrote the letter which appeared in your issue of Saturday.

I never asked Governor Johnson why he vetoed the Frater bill, but I assume it was for this reason: Two bills came before him at the same time on the same subject, inconsistent in their provisions and one of which repealed the other. The Hill bill made sense, and he approved it and it is now a law. The Frater bill would have been useless if it became a law, and he withheld his signature.

If I wanted to interfere with Brainerd water works legislation, I should not have become a member of the legislature. A lawyer fights for his clients, and he can have any client who hires him if he is not in public office. When he becomes a member of the legislature the state is his client, and is entitled to his services. Some people are too drunk or low minded to understand this.

I think Brainerd should own its own water plant, and I have tried to help it to that end. Further laws are not needed for the purpose. What are needed, are a little intelligent leadership and good judgement. They exist in large measure in Brainerd, and at the proper time will make themselves felt.

Truly yours,  
AMBROSE TIGHE.

Stuart Defeats Emery.

Philadelphia, Nov. 8.—Complete returns from 61 of the 67 counties in Pennsylvania and careful estimates from the other six counties give Edwin S. Stuart, Republican candidate for governor, a plurality of 52,533 over Lewis Emery, Jr., the fusion candidate.

AMUSEMENTS

A Pint Of Horse Power

Oliver Wendell Holmes once asked a scientific friend how soon it would be possible for him to buy a pint of horse power at the "corner grocer." This conceit of the genial philosopher does not seem such a mirage when we reflect upon the new revelation in physical science—Radium the enormous energy and nearly everlasting potentially that are stored in so small a space. If the energy that Radium is calculated to exert in 100,000 years could be concentrated in a few days, an ounce of Radium would drive a 50 horse power motor car around the world at thirty miles per hour; or, a gramme (less than 1/30th of an ounce) would raise 500 tons a mile high. Charles Allen Mann, editor of the Scientific American, says "Radium is destined to disturb the equipoise of our leaders of science and shake our whole system of chemical physics to its very foundation." Prof. Patty brings apparatus and several tubes of this remarkable mineral to show our people next Saturday night, at the First Congregational church, and will provide an evening of experimentation long to be remembered; he will also demonstrate the wonders of liquid air and wireless telegraphy the same evening.

Monday Night's Concert

St. Paul Dispatch: An artist introduced at Miss Gordon's home is assured the confidence of St. Paul's musical coterie, but Mr. Fischer's rank as an artist is so clearly defined by his playing that added assurance was scarcely necessary. To this artist the instrument yields its most cherished secrets and beneath his bow there flows a cantilena as rich and sweet and musical as from the human throat. A flexible, too, is this cello voice and as radiant in color. Rarely does an artist appear who can give utterance to the rich tonal beauty and sound the dramatic depths of the cello. Not for years, until now, has a really fine player visited St. Paul. Washington, D. C. Post: "Maximilian Dick, a native American violinist, who rivals the much-vaunted foreign virtuosos, won popular favor. His firm, crisp rendition of Vieuxtemps' Ballade and Polonaise won an encore, as did also his spirited playing of Bazzini's 'Scherzo Fantastique.' Even the semi-foreign city of New York was obliged to acknowledge Mr. Dick's merit."

These talented artists will appear at the Congregational church Monday night under the auspices of the Ladies' Musical Club.

John Griffith Here in Richard III To-night

Shakespeare's plays appeal to the highest order of intelligence; they are the exalted ideas of dramatic literature. "King Richard the Third" is undoubtedly the best of them, as far as the requirements of stagecraft are concerned. It is vigorous, interesting and portrays the perverted mentality of a king to whom nature had refused any attractive physical qualities. No living actor can play King Richard as well as John Griffith. It has been his study for years, and he brings to its portrayals all the mental and physical requirements that consummate art commands. He will play it here at the theatre tonight and will have the support of an excellent company and adequate scenic embellishment.

Bryan's Reception.

The headliner at the Bijou the balance of this week will be Bryan's Reception at New York. This event is shown with remarkable distinctness and beauty. The shifting of the crowds is shown with startling distinctness, and the entire film is a marvel of the photographer's art.

Life in India is also portrayed, showing the famed and beautiful cities and temples and the native customs and costumes.

Miss Irene Cain will sing "Sweet Adeline," which will be beautifully illustrated with colored views.

The last half of the program, "The Trials of an Amateur Detective" will furnish laughs enough for half a dozen shows. Some of the most beautiful scenery on the entire Atlantic coast is also shown.

Danger From The Plague.

There's grave danger from the plague of coughs and colds that are so prevalent, unless you take Dr. King's New Discovery for consumption, coughs and colds. Mrs. Geo. Walls, of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents pneumonia, cures La Grippe, gives wonderful relief in asthma and hay fever, and makes weak lungs strong enough to ward off consumption, coughs and colds." 50c and \$1.00. Guaranteed by H. P. Dunn & Co's drugstore, Brainerd, Minn. Trial bottle free.

Result in South Dakota.

Sioux Falls, S. D., Nov. 8.—Returns from 29 of the 52 counties in the state give Crawford, Rep., for governor, and the state ticket a majority of 25,750. Republicans have elected 112 members of the legislature and the Democrats 17.
